

American Flat Track

Paddock Guest Pass Policy

Each year, we receive numerous requests from riders to waive membership and/or credential fees for their guests and sponsors. Unfortunately, we are unable to accommodate these requests due to contractual and financial obligations that we must uphold and meet.

To clarify the choices that are available for Paddock credentials, please review the credential options below:

Season Hard Card Credential – This credential is issued as a season-long credential and eliminates the need for a member to stop by registration at each event to purchase an event credential. Season Credentials are issued for exclusive use by the person named on the Credential. Credential Display requirements are covered under section 1.2 in the 2022 AMA Pro Flat Track Rulebook. The cost of this credential is \$395.00.

Team Pass - A Team Pass is a season credential that may be issued to a different individual at each event. It is distributed in the form of a single event credential at each event and does not require the purchase of a separate American Flat Track membership for each person that utilizes the credentials. It may be used for sponsors, family members, guests, etc. Prior to each event, the authorized Team Pass contact will need to provide AMA Pro Racing with the name of the person they have approved to claim their Team Pass credential and ensure that they are listed on the team roster. To claim the credential, each person must complete, and sign the appropriate release forms online prior to the event and present a photo ID at Registration. The cost of this credential is \$525.00.

Single Event Credentials – A Basic American Flat Track membership is required to be eligible to purchase a single event credential and must be completed online prior to the event. The membership is valid for the current season, but a single event credential must be purchased prior to each event. The cost of a Basic membership is \$60.00. A single event credential is \$70.00 per event day.

Regardless of which type of credential you have; you must be listed on a Team Roster at each event to access the paddock. Memberships and credentials are non-refundable or transferable.

Spectator Tickets – If paddock access is not required, please contact the promoter directly for spectator ticket information and pricing. Most promoters now offer a paddock access upgrade.
